CDL Careers Open Evening
Thursday 30 April 2015, 4-8pm
The Codeworks, Kings Reach Road, Stockport SK4 2HD

CDL is a fast growing software house at the leading edge of the insurance sector, delivering game changing technology solutions for brands such as Ageas, esure broker and Tesco Bank.

We employ over 500 people at our newly developed campus in Stockport and are currently recruiting for a number of roles at all levels of experience, including: Java Developers, Test Analysts, Support Technicians and Software Technicians. Attend our careers open evening to find out more.

Getting here

Visitor parking will be available outside The Codeworks building from 4pm onwards. There will also be a free minibus service provided for those travelling to and from Stockport train station. The bus will depart from and return to Station Road front entrance at the following times:

- Depart Stockport train station: 3.45pm, 4.45pm, 5.45pm and 6.45pm
- Depart The Codeworks: 5.30pm, 6.30pm, 7.30pm and 8.15pm

Get in touch

It's the people that lie at the heart of our success and we look forward to meeting you. Email **careers@cdl.co.uk** to reserve your place, or simply drop in. Alternatively, send us a copy of your CV if you are unable to attend.

Programme

Registration is from 4.00pm onward and takes place in the learning lab **(aspire)** on the ground floor.

Talks and presentations   CG4 and CG5 (inspire)

4.15pm and 5.30pm and 6.45pm

More than just a job...

CDL HR Director, Peter Larkham, gives his perspective on the rewards and benefits of working at CDL, including family and health friendly policies, the collaborative working culture, the social scene outside the office and community involvement through CDL's volunteering and fundraising initiatives.

Developing your career with CDL

CDL Director of Service, Stuart Bishop, talks about the company's track record in growing its own talent through training and coaching, the STEP development programme, apprenticeships and career development opportunities at CDL.

4.45pm and 6.00pm and 7.15pm

At the forefront of our industry

CDL Developer Manager, Michael Lambert, sets out CDL's pioneering approach to development, including how it has delivered to the insurance marketplace to date, and projects underway around mobile, big data and continuous delivery.

Great brands, people and partnerships

CDL Head of Commercial Operations, Mark Bailey, gives an insight into CDL's customer base and why the insurance sector is the place to be from a technology perspective. He presents two short case studies on how technology has helped transform a client's business and the difference we make in the process.

Tour of the building   5.15pm and 6.30pm

Meet at the learning lab **(aspire)**.

Throughout the evening   4.00pm - 8.00pm

Developing great software - CF4, CF5 (challenge and collaborate)

At CDL the sky's no limit. We follow agile principles of software development and are always looking for new ways to deliver better technology, faster. We also favour creative, out-side-the-box thinking.

Find out how we use games to help inform our work and encourage cross-company collaboration through our software professionals' network events.

Life outside the office - first floor breakout area (enjoy)

We hold away-days, parties and social events; run a Health Week; offer volunteering opportunities; and have regular fundraising events. Meet our social committee and employee representatives to find out more.

Light refreshments available all evening

How to apply - learning lab (aspire)

Our HR Advisors and Managers will be on hand to offer further information and advice on how to apply for a role at CDL. Plus, discover the results of our collaborative approach to software development for yourself.

Product demonstrations will run on a drop-in basis throughout the evening.
